PRESS RELEASE

March 10, 2023

On February 7, 2023, Juab County officials became aware of concerning actions allegedly undertaken by the previous Clerk/Auditor relative to elections. The concerning actions took place entirely under the previous Clerk/Auditor administration. Upon learning of them, Juab County officials immediately reported the concerns to the Lieutenant Governor's Office who oversees elections in the State of Utah. The Lieutenant Governor turned the matter over to the Utah Attorney General's Office for investigation. Juab County officials have fully cooperated with the investigation and will continue to do so. Because the matter is under active investigation, Juab County officials and employees are unable to comment on the matter. All inquiries should be directed to the Utah Attorney General's Office.
